Professional Summary:

I'm a Computer Engineering student at Government Engineering College, Rajkot, with practical experience in C, Java, MySQL, and Node.js. I am eager to join a dynamic team, solve challenging problems, and continuously learn emerging technologies.

TECHNICAL SKILLS:

- Languages: C, Java, python, HTML, CSS, JS, SQL
- Technologies: Node.js, Express.js, MongoDB
- Tools C Platforms: Git, GitHub, Postman, VS Code
- Concepts: DBMS, OOP, DSA, CN
- Soft Skills: Problem Solving, Team Collaboration, Critical Thinking, Communication.

PROJECTS:

- **FOODY:** (2024 – 2026)
  Full-stack food delivery application built using **Node.js, Express.js, MongoDB**. Implemented **RESTful APIs, JWT authentication, role-based access control, and order management**. Developed as a **final-year college project in a team environment**.

- **YouTube Clone:** (Dec 2025)
  Webapp built with **Express.js and MongoDB (Mongoose)**. Implemented **JWT authentication, bcrypt password hashing, cookie-parser, and CORS handling**. Integrated **Multer and Cloudinary for media uploads**, used **dotenv for environment configuration**, and applied **mongoose-aggregate-paginate-v2 for efficient data pagination**.

- **TechSolution:** (Jan 2026)
  HR management application built with **Node.js, Express, MongoDB** featuring **real-time attendance graphs, employee record management, and secure authentication**, and OTP email verification, created at a **GCET hackathon.**

EDUCATION:

- Bachelor of Engineering (B.E.), in Computer Engineering, GEC RAJKOT 2023-2027 | CGPA: 8.78/10
- Intermediate: Shree Krishna High School, Rajkot 04/2023 | HSC: 70.61%
- Matriculate: Shree Krishna High School, Rajkot 04/2020 | SSC: 91.33%

ACHIEVEMENTS & COURSEWORK:

- Team Member, Cultural Activities — GEC Rajkot.
- Solved 50+ DSA problems on LeetCode (Arrays, Recursion, DP).
- Mathematics: Engineering Mathematics I & II, Linear Algebra, Probability & Statistics.
